

24 September 1969

MORNING MEETING ACTION ITEM

TO: D/NIPE
D/ONE

Making it clear that we are not in receipt of a formal request, Bross briefed on a possible requirement flowing from Admiral Anderson for an assessment of our past Estimates pertaining to Soviet ICBMs. A lengthy discussion followed, and the Director agreed that D/ONE should prepare a table showing the accounting for the numbers of ICBMs estimated over recent years. D/ONE and Bross indicated that forwarding the resulting report to Admiral Anderson will await further guidance from the Director.
